

ROTARACT COMMITTEE SWITZERLAND LIECHTENSTEIN: BYLAWS

Preamble

The Committee Rotaract Switzerland Liechtenstein (CRSL) is a multi-district organization of the Rotaract clubs (RAC) of Switzerland and the Principality of Liechtenstein. The CRSL was founded to improve the information flow between the Rotaract clubs of the different districts and language regions, and it serves as a connection between Rotaract and the Rotary clubs.

A Rotaract club is a Rotary-sponsored, politically neutral community of young people between 18 and 30 years of age, governed by equality irrespective of ethnic background, gender, occupation or religious affiliation. Each RAC in Switzerland and Liechtenstein is autonomous in its actions, and only committed to its sponsoring Rotary club as well as to Rotary International.

As a service club, it is the goal of Rotaract and the CRSL to be ready for humanitarian service in everyday life. Rotaract promotes the values of friendship, fairness, tolerance, and international understanding. Each RAC holds their own presentations and discussions of up-to-date topics in a spirit of tolerance, and they plan projects to actively and charitably support social and charitable causes, helping needy people and organizations. Rotaractors promote the free exchange of ideas, friendship and community as well as contacts with other RACs and Rotary clubs.

These bylaws have been freely agreed to by the RACs in Switzerland and Liechtenstein, recognizing the responsibility to create a solid work base for the coordination of all their concerns on the national and international level.
